Job Gain Report in Arkansas

LITTLE ROCK (AP)—The fis-
cal year ended June 30 saw a
gain of 8,340 jobs in Arkansas,
the Arkansas Industrial Devel-
opment Commission said in its an-
nual report.
The commission said Saturday
that 5,367 of the jobs were in new
industry and 2,973 in expanded
facilities at operating plants.
Listed were job openings that
were announced, not those actual-
ly created, but all those announ-
ed were to be available within
six months to a year. They should
swell the state's payroll by 24
million dollars a year, the report
said.
Winthrop Rockefeller, AHC
chairman, said Arkansas is keep-
ing pace with its neighbors in in-
dustrial development. He said
figures show Arkansas' expansion
is ahead of Mississippi, Kentucky
and Louisiana but behind Ten-
nessee and Missouri.

Claims Pro-Red Revolt Smashed in North Iraq

By JOSEPH E. DYNAN
BEIRUT, Lebanon (AP)—Prem-
ier Abdel Karim Kassem's re-
gime claims it has smashed a pro-
Red revolt and army mufing in
Iraq's northern oil fields, but
press reports to Cairo and Damas-
cus say clashes are continuing.
Arab dispatches said hundreds
of casualties had resulted from
the fighting which broke out
Wednesday, while Iraq was cele-
brating the anniversary of Kas-
sem's 1958 overthrow of the Iraqi
monarchy. The entire northeast
area was reported to have been
in a state of near civil war.
Iraq's military governor, Ahmed
Saleh Abdi, declared in a
Baghdad broadcast that there had
only been scattered clashes and
that order had been restored.
From Baghdad also came an
appeal by Kassem to "those who
have strayed to go back to the
right road." In the toughest tone
he has yet used, Kassem de-
clared: "We will settle accounts
with any and all who attack the
liberty of the people."

Would Check Foreign Flow of Textiles

WASHINGTON (AP)—Sen. J.W.
Fulbright (D-Ark) today asked the
State Department to check into
the problem of an increasing
movement to foreign cotton tex-
tiles into the United States. He
mentioned the possibility of im-
port quotas.
This big jump in cotton textile
imports, he said, is having a ser-
ious and detrimental effect on the
domestic cotton industry.
"I realize the implications
which a quota system may have
on our trade relations, but I do
not wish to have the United
States put into a position where
all cheaply produced textiles are
dumped into our markets to the
detriment of our domestic industry
while other nations maintain pro-
tective barriers," Fulbright wrote
the department in asking that it
study the problem.
Fulbright said information he
has received shows that cotton
textile imports have increased
from the equivalent of 37,500 bales
in 1948 to 286,000 bales in 1958.
The cotton industry, he wrote
Douglas Dillon, under secretary
of state for economic affairs, is
concerned by the trend.
Fulbright, who is chairman of
the Senate Foreign Relations Com-
mittee, said the domestic cotton
industry is particularly concern-
ed over the "tremendous in-
crease" in textile imports from
India, Korea, Formosa, Pakistan
and Hong Kong.
He said this increase is due
perhaps to the fact that the United
Kingdom recently established
quotas on textiles imported from
some of those countries "and as
a consequence textiles which had
previously been shipped to the
United Kingdom are being diverted
to the United States."
Fulbright added that there is a
belief that a substantial amount
of the cotton textiles coming from
Hong Kong are made from cotton
grown in Red China.

Cancer Group Disavows the United Fund

The American Cancer Society
is opposed to joining any local
community federated funds or
chests, a policy announced stated
today.
Page Kéown, Jr., state repre-
sentative for the American Can-
cer Society, "Arkansas division,
made the following statement to
the Hope public:
"In November, 1957, the board
of directors of the American Cancer
Society decided unanimously on a
clear, uncompromising policy to
protect the cancer crusade which
is held in April of each year.
That no units of the American
Cancer Society Division, shall
hereafter join community fed-
erated funds or chests.
"Ours is a fight against cancer,
not against United Funds. We
only insist upon the right of the
American people to decide each
year how fast they want to push
forward the fight. They can do
this best by their direct giving of
time and money in an independent
educational and fund-raising cru-
sade.
"We sincerely hope that leaders
of the United Funds will not con-
test this right or divert us from
our fight. We ask them not to en-
gage in confusing and wasteful ex-
ploitation of the people's concern
over cancer as a means of in-
creasing the appeal of their own
worthy campaign.
"There will be a meeting of the
American Cancer Society, Arkan-
sas Division, Thursday, July 23,
at 7:30 p. m. at the Branch Gen-
eral Hospital's auditorium. The
purpose of this meeting will be to
adopt the unit bylaws and to
strengthen the unit by election of
officers and board members."

**Accidents in
Arkansas Take
Toll of 24**
Undated Arkansas Fatals
BY THE ASSOCIATED PRESS
Twenty-four persons died in ac-
cidents in Arkansas during the
week ending at midnight yester-
day—15 in traffic mishaps.
Drownings took five lives, two
men suffocated in a charcoal pit,
and one person died in a farm
accident. A falling tree killed one
person.
Two were killed in separate
traffic accidents yesterday.
Rosa Lee Richard, 18-year-old
Negro of Lewisville, was killed
when the car in which she was
riding struck another on the out-
skirts of Lewisville. The driver
of the car, Arthur Lee Harris,
28, Negro stationed with the Navy
at Philadelphia, Pa., was hospi-
talized in serious condition at
Lewisville.
C.V. Featherstone, driver of the
other car, was not hurt. Sheriff
Buck Baker said the Harris car
was attempting to pass another
auto when the collision occurred.
A 16-year-old Dallas boy, Sa-
lomon Hernandez, was killed in a
head-on crash a mile south of
Malvern on U.S. Highway 67.
State Police said he was riding
in a car driven by Manuel Luna,
15, of Dallas. The auto collided
with one driven by Thomas J.
Machoney of Dallas. Luna and
Machoney were hospitalized at
Malvern and reported in satis-
factory condition.

of Lake Village, member of the
Columbus Baptist Church for 60
years, and a member of the
Eastern Star.

ters, Mrs. Morley Jennings of
Lubbock, Texas; Mrs. Paul Book-
er of Texarkana, Mrs. Clark

Dangerous Mental Patient Escapes

LITTLE ROCK (AP)—State
Hospital authorities said today
a patient who escaped yesterday is
"potentially dangerous."
Hospital Supt. Dr. Granville
Jones said Wilson Gill, 39, Negro,
from Garland City in Miller
County, apparently left through
door left unlocked inadvertently.
He said Gill left during the din-
ner hour while he was working
in the dining room.
Gill has a history of violent
behavior, but Dr. Jones said there
has been no recent indication of
this.
He said Gill has been at the
hospital off and on since 1954.

Khrushchev Cancels Visit to Sweden

WASHINGTON (AP)—Soviet
Premier Nikita Khrushchev's de-
cision to call off his visit to Scan-
dinavia may be based on other
reasons than the hostile attitude
of some Swedish newspapers and
individuals.
This is the belief of a number of
State Department officials con-
cerned with Soviet affairs. No of-
ficial comment was immediately
available.
High on the list of possibilities
under private discussion is the
idea that Khrushchev wants to put
the heat on Scandinavia again.
There are indications, for an-
stance, that Moscow dislikes the
planned formation of a trading
bloc of seven European nations.
Three of the seven, Sweden, Nor-
way and Denmark, were on
Khrushchev's itinerary.
There is some guarded specula-
tion that Khrushchev's health may
be a factor.

3 Accidents Reported Over Weekend

Three weekend accidents were
reported by officials over the week-
end. At North Walnut and Division
an auto driven by Mrs. W. L.
Anderson of near Hope and a
motor scooter ridden by Thomas
Brantly, 18, collided. Brantly
suffered a cut left leg. Officers
Rothwell and Willis said there
was considerable damage.
Sunday on South Elm and

George Meehan and Aubrey Cox
collided with very slight damage
resulting, according to Officers
Rothwell and Willis.
Saturday night an auto driven
by Johnny Graves went out of
control and overturned on High-

limits. Graves escaped injury. The
auto was reportedly demolished.

Legislature Meet Planned Officials Say

LITTLE ROCK (AP)—Prepara-
tions for a possible special ses-
sion of the Arkansas Legislature
were reported today by officials
but top state officials said they
didn't know anything about it.
Clerical personnel who have
served in the legislature in the
past have been contacted, the Ar-
kansas Gazette said, to see if
they could work during an ex-
traordinary session during the
second week of August.
The possibility of a special ses-
sion to deal with a new egg-gra-
ding law was mentioned last week
by Gov. Orval E. Faubus. A
special session also could be called
to try and block impending
desegregation of Little Rock high
schools — now set to open under
a pupil-placement law with mini-
mized integration.
Two controversial state laws —
the reassessment act and patient
quota act affecting the University
of Arkansas Medical Center here
— also could prompt such a ses-
sion.
Faubus could not be reached
for comment. Paul Mayer, read-
ing clerk for the House in the
1956 session and the man re-
sponsible for contacting personnel for
the House, declined comment.
But Lt. Gov. Nathan Gordon
said at Morristown he hadn't heard
anything about a special session,
as did Sen. Ellis M. Fagan of
Little Rock, who heads the per-
sonnel during Senate Efficiency
Committee.

Former Officer Quits U. S. With Wife, Children to Seek Citizenship in Red Russia

MOSCOW (AP)—A former U.S.
Air Force officer has quit the
United States with his wife and
three children to seek citizenship
in the Soviet Union, the Soviet
government newspaper Izvestia
announced.
Izvestia published a statement
credited to Libero Ricciardelli, 42,
a native of Needham, Mass., iden-
tified as a World War II Air Force
major. He had been living in
Florida since the war, the news-
paper said.
Having failed to build up a busi-
ness in the United States, the
statement said, Ricciardelli thought
there was a greater future for him
in the U.S.S.R. and decided to
move his family to the Soviet
Union and seek Soviet citizenship.
"The only freedom is in the
U.S.S.R.," the statement said.
Izvestia said one reason for his
decision was that he would get
free college education for his
daughter and two sons in the So-
viet Union.
"Under capitalism there is no
future either for my children or
for my entire family," Ricciardelli
was quoted as saying, adding that
he is not a Communist.
"The U.S. Embassy here said it
had no information on Ricciardelli."
In Needham, Ricciardelli's fa-
ther, Augustus, 60, said the report
was a complete surprise and
termed it "a lot of Communist
propaganda."
He said he had not heard from
his son in more than six months
and that he was living in Palm
Beach then.

Lovejoy Award Presented to John F. Wells

MAKANDA, Ill. (AP)—The Eli-
jah Parish Lovejoy award for
courage in journalism was pre-
sented today to an Arkansas
editor who was cited for facing
up to Gov. Orval E. Faubus.
The citation said Editor John
F. Wells of the weekly Arkansas
Recorder, Little Rock, attacked
"what he believed to be fraudu-
lent election procedures" in the
defeat of Rep. Brooks Hays (D-
Ark.).
Hays, a moderate in Little
Rock's school integration dispute,
was defeated in November by Dr.
Dale Alford, a write-in candidate
supported by Faubus.
Wells was credited with being
largely responsible for the cur-
rent congressional investigation of
the election.
The citation, presented annu-
ally by Southern Illinois Univer-
sity, said Wells was the target
of "personal unpopularity, polit-
ical distaste and economic re-
prisal."
In his newspaper, Wells blamed
the defeat of Hays on a "con-
spiracy" by the state administra-
tion coupled with numerous vot-
ing irregularities.
Dr. Howard L. Long, chairman
of the SED Department of Jour-
nalism, read the citation at the
opening of the 60th annual Confer-
ence of Weekly Newspaper Editors.
The citation commended Wells
"for devotion to the high call-
ing of journalism so great as to ex-
amine him to face up to the power and
wrath of his governor, his state
legislature, a large portion of his
political party and the public
opinion of his state."
The award honors the memory
of Elijah Parish Lovejoy, Altam,
Ill., editor who was killed by a
mob in 1837 when he refused to
cease publication of his aboli-
tionist newspaper.

Governor Is Undecided on Called Session

By ED MARTIN
LITTLE ROCK (AP)—Gov. Or-
val E. Faubus said today he has
not decided whether to call a
special session on school integra-
tion.
The governor said four or five
legislators had approached him
on the subject of calling such a
session.
"I told them I didn't know what
I was going to do," the governor
said.
Faubus said in a brief news
conference before a hearing on Arkan-
sas is Not a Good Place for a
Trip to Paris, Ala., that he
also had told the legislature
that he would call a special ses-
sion on school integration.
The governor's address is
at 1000 N. Main, Little Rock.
Arkan. Gov. Faubus will be
in the U.S. Capitol and Thang
P. Hoang.
Faubus declined comment on
reports that some prospective
chambers of the Legislature
were being contacted to
hear if they would be avail-
able for a special session on school
integration in August.

Incomes Have Climbed for Americans

WASHINGTON (AP)—Person-
al income of Americans climbed
in June to a record rate of \$362-
100,000,000 a year. This is more
than 1½ billion dollars higher
than the May rate.
Announcing the figure today,
the Commerce Department said
the rise was due to increased sav-
ing by industry and longer work-
ing hours in factories.
This report followed a weekend
report from the department that
national output in the first quarter
of 1959 reached a rate exceeding
470 billion dollars a year.
The term personal income in-
cludes all payments to individuals
— wages, salaries, rents, divi-
dends etc.
Wage and salary payments in
June were reported at \$261,100-
000,000, an increase of \$1,300,000-
000 from a month earlier and a
gain of nearly 12½ billion annual
rate from the January figure.
On the other hand, government
"transfer payments"—unemploy-
ment compensation and other fed-
eral payments which surged up-
ward in the business recession—
dropped somewhat from the May
figure.
The department said that bigger
factory payrolls last month con-
tributed half the advance in total
wages and salaries. The major
payroll gains were in the metals,
machinery, stone, glass and clay
industries.
For the first half of 1959 per-
sonal income was estimated at an
annual rate of 376½ billion dol-
lars, 6 per cent higher than in
the corresponding portion of 1958.
National output, which went
above estimates in the first quar-
ter, is believed to have climbed
still more in the second quarter.

Registration at Closed Schools Tues.

LITTLE ROCK (AP)—High
school students begin registration
tomorrow at public high schools
shuttered for a year against in-
tegration by Gov. Orval E. Fau-
bus.
The Little Rock School Board
plans to open the schools under
a pupil placement law that will
minimize desegregation.
Students will be registered for
Central, Hall, Tech and Horace
Man (Negro) high schools. No
estimate was available on how
many might register. The system
had about 3,700 pupils during the
1957-58 school year.
Concern for peaceful opening of
the schools prompted a strong
statement last week from city of-
ficials against possible violence.
A citizen's group called the Com-
mittee for Peaceful Operation of
Free Public Schools also has been
formed.
Violence broke out at Central
high school in 1957 when nine
Negroes entered and federal
troops were sent in to maintain
order.
The pupil assignment law per-
mits the school board to assign
students to certain schools for a
number of factors, although race
is not mentioned.
Some 1,000 high school students
already have registered for classes
at the private, white Raney
high, business probably did so just
in case public schools did not
open.

Star Carriers Given Outing at Narrows

Ten of Hope Star's carrier boys
and carriers advisors were given
an all-day outing on Narrows lake
Sunday, including boat rides and
sailing instruction.
C. M. (Pete) Rogers, circulation
manager, and A. H. Washburn,
publisher, headed the expedition,
which included three boats and the
services of Jimmy Crambliss,
creek swimmer and skier, who
went along as a life-guard and
instructor.
The expedition left Hope at 7 a.
m. in two state wagons and a
pickup truck and a picnic lun-
cheon at the 50 and beach, and re-
turned home at 7 p. m.
Boys on the trip were: Charles
Fawcett, Dale Lewis and Frank
Tyler, newsboys supervisors; and
the following carriers: Joel Rogers,
Kenneth Pott, Field, Charles Rus-
sell, William Tyler, Jack Lauter-
bach, all of Hope; Glen Willis of
Prescott; and Charles Trexler of

West Proposes Continuation of Ministers Meet

GENEVA (AP)—In an effort
to find a way to end the Berlin
crisis, the West proposed to Russia
today the creation of a continuing
conference of foreign ministers,
with East and West German ad-
visers, to negotiate a German
peace settlement.
U.S. Secretary of State Chris-
tian A. Herter presented the West-
ern compromise offer, after re-
jecting a proposal by Soviet For-
eign Minister Andrei Gromyko for
formation of an all-German com-
mittee to negotiate unification and
a peace treaty during an 18-month
Berlin truce.
"The purpose of the Soviets in
putting forward the proposal is all
too clearly to perpetuate the par-
tition of Germany," Herter said in
a speech to the Big Four in a for-
mal session at the Palace of Na-
tions.
He then made the Western com-
promise proposal, which would retain
direct big power responsibility for
German unification and a peace
treaty but would specifically pro-
vide for increasing contacts be-
tween West Germany and Commu-
nist East Germany.
Here is the text of the proposi-
tion which has West German
approval and was reluctantly
agreed to by France Saturday after
a week of Western disagree-
ment:
"The Geneva Conference of For-
eign Ministers, as at present con-
stituted, shall continue in being
for the purpose of considering the
German problem as a whole.
"It should also consider ques-
tions relating to the extension and
development of contacts between
the two parts of Germany.
"For these purposes the confer-
ence shall meet from time to time
at such level and at such place as
are agreed.
"The conference may also make
special arrangements for the con-
sideration of particular questions
arising out of its terms of refer-
ence as defined above."
Herter, Britain's Selwyn Lloyd
and French Foreign Minister Maurice
Coville de Marville met at
U.S. headquarters at noon and put
the final polish on a plan for try-
ing to get Gromyko to lower his
price for a truce deal.

Fleet Admiral W. D. Leahy Dies at 84

WASHINGTON (AP)—Admiral
of the Fleet William Daniel Leahy,
warlike chief of staff to President
Franklin D. Roosevelt, died today.
The veteran naval officer, diplo-
mat and senior adviser to the
White House was 84.
The Navy said death resulted
from a "cerebral vascular acci-
dent," the usual medical term for
a stroke. Death took place at the
Navy Center in Bethesda, Md.
Leahy, who was the senior five-
star officer elevated to that rank
during World War II, was a native
of Hampton, Iowa.
During a career which began in
1897, the year of his graduation
from the Naval Academy, he
served in four wars starting with
the Spanish-American War. His
next fighting assignments were
during the Philippine Insurrection
and in the Boxer uprising in Chi-
na.
Leahy reached the peak of his
service in the Navy in 1937 when
he was appointed chief of naval
operations.
After his retirement two years
later he served successively as
Governor of Puerto Rico and am-
bassador to France during the ear-
ly stages of World War II.
In 1942 he was recalled to ac-
tive duty as chief of staff to the
commander in chief. In that ca-
pacity he was the senior member
of the Joint Chiefs of Staff and
a member of the Combined Chiefs
which included senior officers of
principal allies of the United
States.

reportedly contained a provision that could provide for the direct German talks that Soviet Foreign Minister Andrei Gromyko demanded as one part of his price for a truce in Berlin.

Under the Western plan the Big Four commission could direct the West and East Germans to form a subcommittee to discuss specific items assigned by the parent commission. But any decision would still rest with the Big Four.

The Western ministers planned a strategy meeting this morning, a working luncheon with Gromyko and a semi-public plenary conference session this afternoon.

The outline of the counter proposal was reached in a strategy session over the weekend held by U.S. Secretary of State Christian A. Herter, British Foreign Secretary Selwyn Lloyd and French Foreign Minister Maurice Couve de Murville together with West German Foreign Minister Heinrich von Brentano.

Western officials called the counter proposal a compromise. But few, if any, expected the Soviets to accept the plan.

The Americans were talking about a fallback position when the Soviets turned down the counter proposal. This would call for the foreign ministers to turn the entire German question over to a committee of deputies, probably at the ambassadorial level.

DOROTHY DIX

Conscience Prods Her Into Issuing Warning

Dear Dorothy Dix: This is not for you, only for those who ride the same train as did. For years I took care of my sick mother with the help of an only brother. When mother passed away, he had been going with a girl for several years. I did everything I could to hinder the marriage. When he said, "I haven't done right going with her for so many years, keeping her away from other men, letting her look forward to marriage with me, only to abandon her now," I told him he had an obligation to me, too, and broke up the affair. Not long after, I stood at his grave full of remorse. I was 17 years older than he was and never expected that he would die first. What do I have now for my selfishness? A guilty conscience that keeps me company night and day. If I had only let him be happy, I would be happy too. - Miserable

Dear Dorothy Dix: Your story is being repeated in thousands of homes all over the land. Mothers, fathers, sisters and brothers are keeping relatives from the happiness of marriage by endless reminders of obligations. They make selfishness with protestations of love. Your story may inspire some grasping person to take the talent of a victim and let the hapless one seek his or her own happiness. The change will bring good fortune to all concerned.

Dear Dorothy Dix: I want to get married but my girl friend is in the Air Force and I'm in the Navy. I don't believe in marriages where the man or wife is in one of the armed services. How can I solve the situation? - Reuben H.

Dear Reuben: Let Uncle Sam solve it. When he hands both of you discharges from service, you'll be free to marry. There's no short cut.

Dear Dorothy Dix: My old friend is very pretty, sweet and lovable but with two weaknesses: a bad temper and the fact that everyone must do what she wants. She's spoiled because her parents are rich and she's one of two children her brother being much older. We've been friends for years and I'd like to remedy these weaknesses because she usually picks on me. - Gwen

Dear Gwen: Your friend may be pretty but she certainly isn't sweet or lovable. The only way to cure her is to stop catering to her. You and the other kids must love her too much. You are spoiling her too. Be less available and she'll soon see a change in your friend.

Charge Filed in Missouri Murder Case

QUAKER, Mo., (AP) — A first degree murder charge was filed today against a 39-year-old boy for the slaying of a former judge during a beer drinking spree Saturday night.

The warrant was issued against John Crump of Huzzah, Mo., at Poloski, the Washington County seat. Earlier a coroner's jury ruled the slaying was felonious homicide.

Crump admittedly shot Leonard Barr, 57, in the back of the head with a 12-gauge shotgun in Barr's

Seek Tipoff on Southern Rights Moves

WASHINGTON (AP) — Proponents of civil rights legislation looked to a Senate Judiciary Committee meeting today for a tip-off on the strategy of Southern opponents.

The closed meeting is the first scheduled since a subcommittee approved an abbreviated two-point bill by a 4-3 vote last Wednesday.

The move to take the measure up for consideration tests how much resistance Chairman James O. Eastland (D-Miss.) and other Southern Democrats on the committee are going to offer to any kind of civil rights measure.

Two years ago the committee proved to be a graveyard for all such legislation. Congress succeeded in passing a bill only after the Senate voted to let the committee and act directly on a house-passed measure.

Senate Majority Leader Lyndon B. Johnson (D-Tex.) has said he expects the committee to approve a bill this year, making unnecessary the usual procedure employed in 1957.

The track was cleared for today's committee meeting when Johnson obtained agreement last week not to have a session of the Senate itself. Committees may not meet while the Senate is in session except by unanimous Senate consent.

Snake Cult Member May Lose an Arm

HARLAN, Ky. (AP) — Bitten three times by rattlesnakes, a member of a snake cult may lose an arm.

The cultist, a 34-year-old man, was bitten on his right arm by a rattlesnake while he was taking the snakes from a box at his home prior to religious service.

The cult's doctrine requires members to handle snakes to test their faith.

Blytheville Is Shaken By Quake

BLYTHERVILLE, Ark. (AP) — Blytheville was shaken early today by what residents said they believed was an earthquake tremor.

Several persons called the Blytheville Courier-News to say they were shaken awake.

City Policeman Ed Downs said the tremor woke him up and shook his whole house. He said the time was 2:15 a.m. (CST).

Downs said at first he thought "somebody had run into the side of the house." He said the tremor continued for a few seconds.

No damage was reported, and no one was injured.

Dr. James H. Quinn of the University of Arkansas at Fayetteville said the university's seismograph recorded the earthquake at 2:15 a.m. He said it appeared to have about the severity of a good-sized blast from a quarry.

As she enters her teens, a girl is initiated into clothes care. She should no longer count on mom to pick up after her or to rinse out her stockings. These jobs are hers from now on. Frequent laundering of lingerie (left) is a part of good grooming. A well-lathered brush (center) is a sure cure for those soiled areas on bras and girdles. But it should be a soft brush, used with a light hand. Here's the girl, looking the way she should, fresh and pretty in her summer dress. Underneath, she wears bras, garter belt and slip designed for her age and figure type.

IN HOLLYWOOD, A MONKEY SHINES—Fuzzy, the monkey, is on Cloud Nine even if he's not the space-traveling type. The hairy one mimics actresses Barbara Eden left, and Merry Anders of TV's "How to Marry a Millionaire." Fuzzy has a key role in the production.

Charge Filed in Missouri Murder Case

QUAKER, Mo., (AP) — A first degree murder charge was filed today against a 39-year-old boy for the slaying of a former judge during a beer drinking spree Saturday night.

The warrant was issued against John Crump of Huzzah, Mo., at Poloski, the Washington County seat. Earlier a coroner's jury ruled the slaying was felonious homicide.

Crump admittedly shot Leonard Barr, 57, in the back of the head with a 12-gauge shotgun in Barr's

Seek Tipoff on Southern Rights Moves

WASHINGTON (AP) — Proponents of civil rights legislation looked to a Senate Judiciary Committee meeting today for a tip-off on the strategy of Southern opponents.

The closed meeting is the first scheduled since a subcommittee approved an abbreviated two-point bill by a 4-3 vote last Wednesday.

The move to take the measure up for consideration tests how much resistance Chairman James O. Eastland (D-Miss.) and other Southern Democrats on the committee are going to offer to any kind of civil rights measure.

Two years ago the committee proved to be a graveyard for all such legislation. Congress succeeded in passing a bill only after the Senate voted to let the committee and act directly on a house-passed measure.

Senate Majority Leader Lyndon B. Johnson (D-Tex.) has said he expects the committee to approve a bill this year, making unnecessary the usual procedure employed in 1957.

The track was cleared for today's committee meeting when Johnson obtained agreement last week not to have a session of the Senate itself. Committees may not meet while the Senate is in session except by unanimous Senate consent.

Snake Cult Member May Lose an Arm

HARLAN, Ky. (AP) — Bitten three times by rattlesnakes, a member of a snake cult may lose an arm.

The cultist, a 34-year-old man, was bitten on his right arm by a rattlesnake while he was taking the snakes from a box at his home prior to religious service.

Old Hand Gives Yanks Lift in Double Victory

By JACK HAND
Associated Press Sports Writer

Just when you get ready to count the Yankees out, they pour right back into the thick of the American League fight.

A week ago, after losing an entire 5-game series in Boston, they were dead. On Friday morning they were very much alive with a series sweep over Cleveland.

The magic of Early Wynn and Bob Shaw gave Chicago the first two games of an important weekend series. Once again they were ready to hang the crops on Casey Stengel's office door.

But the Yanks knocked the lid off the coffin Sunday by sweeping two from Chicago. The explosion knocked the White Sox out of first place. The Cleveland Indians, who had been eased out of the lead by the Yanks, regained "control" by .001 percentage. New York is 5½ back.

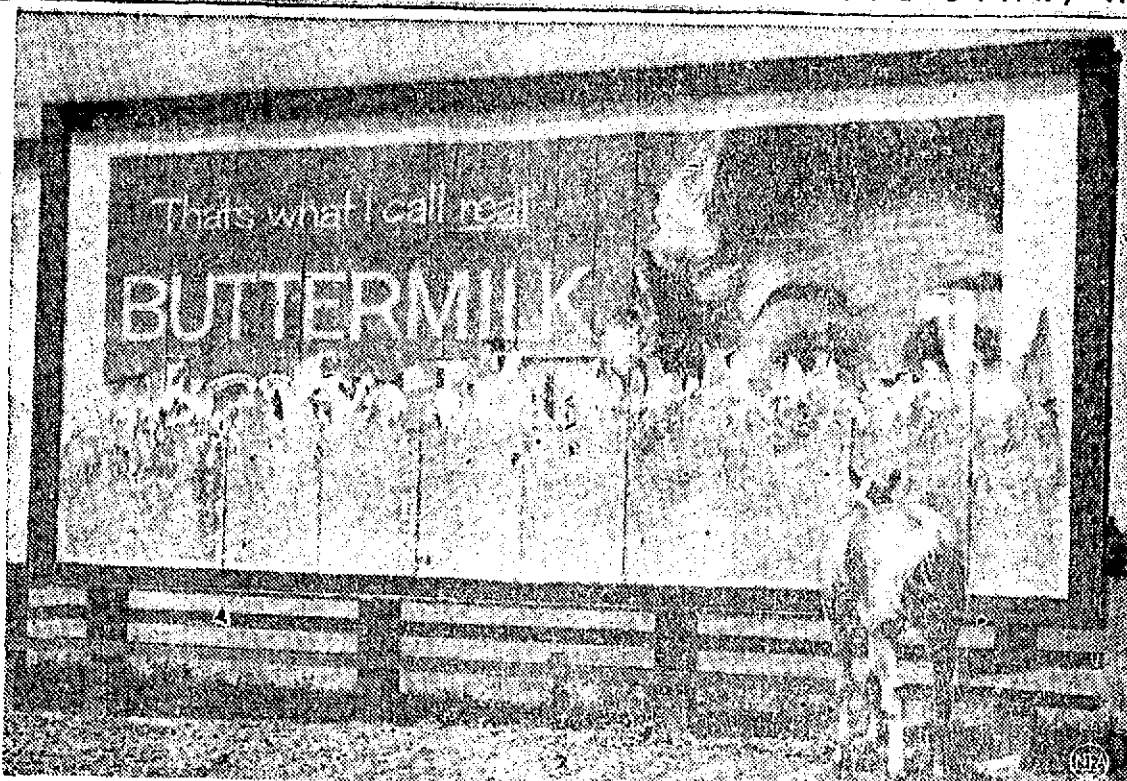

Stengel found help from unexpected sources in his Sunday sweep, ending a streak of eight straight Sunday defeats dating back to June 7. In the first game it was 45-year-old Enos Slaughter, oldest active player in the majors, hitting a pair of two-run homers in a 6-2 victory for Whitey Ford. In the second it was Eli Grba, a 6-2, 200-pound rookie from the Richmond farm, turning back the White Sox 6-4. Ryne Duren helped out both Ford and Grba, but Chicago did not score an earned run all day.

The Red Sox nipped the Indians in the opener 6-5 on Frank Mancuso's double with two out and the bases full in the last of the ninth. Cleveland grabbed first place by taking the second 3-3, a game interrupted and finally called because of rain as Boston came to bat in the ninth.

Washington's Camilo Pascual won his seventh straight 7-0 by holding Kansas City to five hits in the first game but the Athletics took the second 6-5 in 10 innings on Hal Smith's home run. Not even Harmon Killebrew's 32nd homer and Bob Allison's 25th (this second of the day) could save the Senators in the second.

Baltimore got three-hit pitching from Billy O'Dell, who developed a blister on his pitching hand, and Billy Loeb for a 2-1 decision over Detroit. It was the Tigers' 14th defeat in their last 17 games despite Charlie Maxwell's 51st homer.

Rain also messed up the National League. Pittsburgh topped San Francisco 3-2 in a first game that was halted so many times by rain that they had to call off the second game because of the curfew after two innings. Los Angeles moved within 2½ games of the leading Giants by splitting two at Philadelphia. The Dodgers won the opener 3-4 on Gil Hodges' three-run homer but Eddie Bou-

chee's two-run double squared matters for the Phils 3-2 in the 5½-inning rain-shortened second game. A crowd of 30,000 waited 90 minutes before a Cincinnati-Chicago Cub doubleheader was rained out. Milwaukee lost its sixth straight, bowing to St. Louis 9-5.

The big man for the Indians in their second game victory was Tito Francona who drove in three

runs. Al Cicotte, third Cleveland pitcher, struck out five in three innings to earn his second victory. Gary Geiger of the Sox and Jim Baxes of the Indians homered in the first game.

Rained-Out Game Continues Tonight

The Hope-DeQueen game called Saturday night because of rain will continue tonight. Hope was leading 1-0 in the first inning and the game will start at that point. Edil Nix or Wayne Johnson will be on the mound for Hope.

Mrs. Seamans Wins Powder Puff Tourney

Velda Seamans fired a net 36 to take first place honors in the Ladies Golf Tournament at the Hope Country Club Friday morning. Tray Hammons was runner-up with a 40, followed by Virginia Gardner with a 41. Judy Brens finished fourth with a 43.

As would be expected in a ladies' tournament, the actual playing of the game took a back seat to other activities. Velda Seamans brought the coffee. She also modeled the latest in ladies golf caps. It was generally conceded that Virginia Gardner had the prettiest "swing." Tray Hammons had a nice golf bag, and it was expected that this would improve her game a few strokes. Judy Brens was concerned mainly with getting the backs of her legs tanned. All in all, the girls seemed to have a big time and were looking forward to the next tournament.

Libel Suit Against Gazette Is Started
LITTLE ROCK (AP)—A half million dollar libel suit opens here today.

Bob Troutt, a reporter for the Arkansas Democrat, is seeking judgment of \$500,000 from the Arkansas Gazette, Harold F. Dunaway and Cecil B. Hill.

The newspaper and the two men, both got Little Rock, are resisting the suit.

Hill and Dunaway operate an amusement machine company here.

The libel suit grew out of the Gazette's account of a press conference last winter at which Dunaway and Hill played tape recordings of conversations they said they had had with Troutt.

Troutt charged in his complaint that the recordings were altered to "falsely and maliciously" accuse him of accepting bribes for suppression of news articles about pinball machine operations here.

He alleged a conspiracy among the two men and the Gazette to suppress the truth.

In reply Dunaway and Hill said the recordings were valid. The Gazette replied that it published its news article in "good faith" and in the public interest.
